ABOUT COMPANY

Tradig company

COMPANY VISION

- Our vision To be one of the leading companies in the region in various fields. – Our clients and partners shall find what completes their success. We expect their needs and fulfill them according to our self-commitment – Every one shall be proud to work with Combined Mafco. We create chances to achieve exceptional results and reward success. – Society shall consider us responsible and effective.

OUR OBJECTIVE

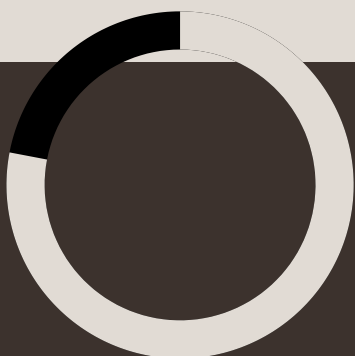

- Our concern with safety insures the safety of our clients and is useful to our clients as it reduces the operating cost and increases their productivity by eliminating the wasted time due to accidents and reduces their insurance cost.

WHAT WE DO

BWI organizes, manages and transacts its trading business, both with local and its overseas associates, dexterously and ingeniously using its network of information, manpower, know-how, and experience. It has viable financial resources at its disposal to monitor, conduct and identify any and all projects falling in its dynamic and independent operational sphere of diverse nature.

- We are committed to building successful relationships with our clients and strive to be a valued part of your success.
- We listen first and then work collaboratively with you to deliver successful and pragmatic solutions to your specific needs.
- We are objective and experts in our field. We empower you with our knowledge and experience and proactively seek out opportunities to add value to your business.
- At Basis Commodities we pride ourselves on being easy to work with and professional in our approach. Our focus on delivering on our promises is the key to our success.

WHY CHOOSE US?

Our understanding of global grain supply and demand and how various futures markets and physical cash markets react at different times of the year, and relative to each other, is key to the analysis and service offering Basis Commodities provides our clients. We are independent and unbiased with a track record of creating solutions that add real value to our clients' businesses.
